

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

1. Regular meetings of the Council shall be held at the Council Room on the evenings of the third Saturday of each month, and special meetings shall be ordered by the Mayor when required by two members of the Council from different wards, or upon his own motion, when he may deem such meetings proper and advisable.
2. Notices of special meetings shall be served by the Marshal, on each member of the Council, either personally, or by leaving the same at his residence or place of business.
3. The Marshal shall have the care of the Council Room, and be in attendance on the meetings of the Council.

### ORDER OF BUSINESS.

1. The Mayor shall take the chair at the hour appointed for the meeting ; and, if a quorum be present, he shall direct the Recorder to read the minutes of the last preceding meeting, for correction and approval.
2. To constitute a quorum there shall be present at least four Aldermen, including one from each ward.
3. If a quorum be not present at the hour fixed for the meeting of the Council, the Mayor shall direct the Marshal

to bring in the absentees. If there be less than a quorum, the members present shall do no business, except to adjourn or compel the attendance of absent members.

4. If a quorum be present the regular order of business, after the reading and approval of the minutes, shall be as follows:

1. The presentation of petitions and communications.
2. Reports of city officers.
3. Reports of committees.
4. Bills.
5. Ordinances on their first or second reading, or on their passage.
6. Unfinished business.
7. Resolutions, motions, and other miscellaneous business.

#### DUTIES AND POWERS OF THE MAYOR.

1. The Mayor shall preserve order, and decide all questions of order or precedence of business; but an appeal from his decision may be taken, by any member, to the Council without a second.

2. He may, whenever it may be necessary, require the assistance of the Marshal in the preservation of order and proper decorum, while the Council is in session.

3. He shall have the casting vote on all questions upon which the City Council is equally divided, but not otherwise.

4. While the Mayor is speaking no member shall leave his seat.

5. When a motion is made, or a resolution presented, the same shall be stated by the Mayor, and no debate thereon shall be in order, until such statement is made by the Mayor, nor after such statement, if the question is not debatable.

6. He shall, when ordered by the Council, direct the Marshal to have present at its session, any persons, books or papers deemed necessary to the proper understanding of any question before it.

7. When two or more arise at once the Mayor shall name the member who is entitled to speak.

#### DUTIES OF MEMBERS.

8. Each member, on presenting any communication, resolution, or other matter for the consideration and action of the Council, shall rise and address the Mayor as "Mr. President," and having made such explanation, or statement, as he shall deem necessary, of the matter he desires to present, shall ask leave to present the same.

9. No member shall be permitted to speak without rising and addressing the Chair in the proper form, nor shall he proceed with his remarks until he is recognized and named by the Chair.

10. No member shall speak more than twice upon the same general question, except by unanimous consent.

11. A member called to order while speaking, shall, unless permitted to explain, immediately cease speaking and sit down, until the point of order is presented and decided. If there be no appeal, the decision of the Chair shall be conclusive, but if an appeal be taken from the decision of the Chair, the Council shall decide on the matter without debate.

12. While a member is speaking, no member shall hold any private discourse, or pass between the speaker and the Chair.

13. No member shall vote on any matter in which he is directly interested. But he shall, if present, vote on all other questions, unless excused by the Council.

#### RESOLUTIONS, MOTIONS AND ORDINANCES.

15. All resolutions shall be in writing, and every motion shall be reduced to writing when requested by the Mayor or any Alderman.

16. No motion shall be put and debated unless it is seconded. When a motion is seconded it shall then be stated by the Mayor or be read, if reduced to writing, by the Recorder or the member offering it.

17. After a motion or resolution has been stated by the Mayor, it shall be regarded as properly before the Council, but it may be withdrawn at any time before amendment is made to it, or vote taken on it; but if an amendment has been made or a vote taken, it can only be withdrawn by the consent of the Council.

18. On the request of any two members of the Council, the yeas and nays shall be taken and entered on the minutes.

19. All ordinances, under the Charter, shall be presented at the regular meetings of the Council, by leave; they shall be read three times before their final passage, but not more than twice at one meeting, unless by suspension of this rule; but they may be rejected by the Council on the first or second reading.

#### MOTION TO ADJOURN.

SEC. 3. The foregoing order, signed by the Mayor and attested by the Recorder, shall be published in one or more newspapers printed in said City, three times consecutively, the first insertion being at least thirty days prior to the time named in said order. Such publication shall be deemed a full and sufficient notice to all persons owning lots on the streets so ordered to be paved, of the kind of paving required of them, on

said street, and of the time within which they will be required to do the same. *Provided*, however, that in addition to the publication aforesaid, the Council may, if they determine so to do, direct the Marshal of the City to serve a copy of said order on the owners of lots fronting on the streets ordered to be paved, residing or being in said city, which order must be served at least twenty days before the time therein named for such paving. *Provided further*, that in any case where the City shall have passed an order requiring any street or alley to be paved and where the City shall have failed for any cause to have the surface of such locality properly graded and prepared for such paving within thirty days prescribed by ordinance for the commencement of such work, by the owners of the property to be charged with the expense of paving such locality, the City may cause such locality to be properly graded and prepared for such paving at any subsequent time within ninety days from the time when it was first ordered to be commenced by the respective owners, and when so graded and prepared, the Marshal of the city shall notify the owners by serving upon each of them, or their agents, if they be residents of the City, a copy of the original order, with an additional clause, notifying them that the said locality is now ready for paving ; and if they be non-residents of the City and have no resident agents, by publishing such order by three insertions in at least one of the newspapers of the City; and in case such owner shall refuse or neglect to commence, and prosecute such work to completion within seven days from the date of the service of such order and notice, either personally or by publication, the City shall proceed to cause the locality therein described to be paved, and the expense thereof to be assessed and charged up to the lots or parts of lots ; and collect the same as ordinary City taxes, in like manner as though such locality had been properly prepared at the time first set for having the same done.

SEC. 4. If, at the expiration of the time fixed by said order, the owner, or owners of any real estate on the street therein named, fail to make, or if it be commenced, to diligently prosecute to completion, his, or their, proportion of the improvement in the manner prescribed by the order aforesaid, the City may cause the same to be done and to that end may give out the unfinished portion of said street on contract, in such manner and on such terms as will insure a faithful, speedy and economical completion thereof ; or they may direct it to be done by such officer as the Council may designate. If done by contract the cost thereof shall be assessed ratably on the adjoining lots or parts of lots ; if done by the City the officer charged with the making or completion of such improve-

And for such work done, the said officer having charge of the same shall issue certificates in the same manner, and shall report to the Council as fully and particularly, as the Street Commissioner is required to do.

SEC. 6. SEC. 10. If the taxes, general and special, or either, are not collected by the first Monday in October, in each year, it shall be the duty of the Collector to offer at public sale, at his office, all lots, or other parcels of ground, upon which the said taxes, general and special, are liens. In all sales for such taxes, or for any delinquent taxes due the city, (if there be other delinquent taxes due by the same person, or which are a lien on the same property, the same shall be included in such sale), the property shall be sold for the total amount of taxes, interest and costs, due and unpaid, on such real property. The sale shall be for the least quantity of the lot or parcel of ground for which any person will pay the taxes and all the costs thereon; or, it may be for the whole, if a bid cannot be obtained for a less quantity. Where, at such sale, any quantity less than the whole of such lot, or parcel of ground is sold, the part so sold shall be taken from the east side of such lot, or parcel of ground, dividing it lengthwise, by a line

parallel with the proper line of such lot, or of the Congressional sub-division of which any parcel of ground, not divided into lots, originally formed part. The purchaser shall immediately pay to the Collector the amount due, and in case of a failure so to do, the lot, or parcel of land, shall again be offered for sale. The Collector shall continue the sale from day to day, as long as there are bidders, or until the taxes are paid.

SEC. 11. The cost of advertising sales, for delinquent City taxes, shall be no greater than the cost for advertising sales of similar property for delinquent State and County taxes.

SEC. 12. Before offering any real property at tax sale it shall be the duty of the Collector to give thirty days notice thereof, by advertisement in some newspaper of general circulation, printed and published in the City of Muscatine. In such advertisement it will be sufficient to state the description of the lot, or parcel of real estate to be sold, together with the amount of taxes delinquent and unpaid thereon. If such delinquent taxes embrace taxes of previous years, as well as those of the current year, it shall not be necessary to name such previous years, but it will be sufficient if the total amount of taxes, with interest and costs, against such lot, or parcel of ground, is given, including therein any unpaid special tax or taxes that may have been assessed and levied against such lot or parcel of ground, with the interest and costs that will have accrued thereon, at the time fixed for such sale.

SEC. 13. No irregularity or informality in the advertisement of such real property for delinquent taxes shall affect the validity of any sale, or the title to any property conveyed by virtue of such sale, if it shall appear that such property was subject to taxation for the year, or years, for which the same was sold, and that the tax was due and unpaid at the time of sale, or, if sold for a special tax, that the property was subject to such special tax, and that such special tax had been placed on the tax list for collection, and was unpaid. In all cases the advertisement shall be sufficient notice to the owner, and all persons having any interest in, or claiming any title to any lot, or parcel of real estate, of the sale of such property for delinquent taxes ; and the failure of the Collector to make a personal demand shall not affect the validity of any sale, or the title to any property acquired under such sale.

SEC. 14. It shall be the duty of the Collector to keep a true record of all sales of real estate made by him for delinquent City taxes, and he shall make a full report thereof, to the Council, on or before the first day of January of each year. Such report shall describe the various lots, or parcels of

ground sold by him, and the amount of taxes, on account of the non-payment of which the property was sold, particularizing the various kinds, or items, of tax levied, together with the costs, including therein the cost of advertising. He shall also state how much, and what part of each lot or tract of land was sold, together with the date of sale, and the name of the purchaser.

SEC. 15. After the tax list shall have come into the hands of the Collector he is authorized, and it is hereby made his duty, to assess any real or personal property subject to taxation which may come to his knowledge, and which may have been omitted from the assessment roll. In making such assessment the Collector shall call to his aid the City Assessor. It shall be his duty to report to the Council all such assessments, describing the property, and naming the person assessed therewith.

SEC. 16. Real estate sold for delinquent City taxes may be redeemed at any time within three years, by any person authorized to redeem the same. Such redemption shall be by payment to the Collector of the amount for which the real estate was sold at tax sale, with a penalty of twenty per cent. immediately added, and ten per cent. interest on the whole amount thus made from the day of sale, and also the amount of all taxes, special, as well as general, together with interest and costs paid for any subsequent year or years, and a similar penalty of twenty per cent. added, as before, on the amount of the payment for each subsequent year, with ten per cent. interest per annum on the whole of such amount, or amounts, from the day, or days, of payment unless such subsequent taxes shall have been paid by the person for whose benefit the redemption is made, which fact may be shown by the Treasurer's receipt; and provided further, such penalty for the non-payment of taxes for any such subsequent year or years, shall not attach unless such subsequent tax or taxes, shall have remained unpaid for the period of thirty days after they become due, so that they have become delinquent, nor shall any of said penalties apply in the cases mentioned in the last clause of Section 8, of this ordinance.

SEC. 17. The Collector, upon the application of any person to redeem real property, sold as aforesaid, and being satisfied that such person has a right to redeem the same, shall, upon the payment of the proper amount, issue to such person, a certificate of redemption, in substance and form as provided in Section 891 of the Code, and shall make the proper entry thereof on the sale book, which redemption shall thereupon be deemed complete without further proceedings.

SEC. 18. The Collector shall hold the redemption money subject to the order of the purchaser at tax sale, and pay the same over to him on surrender of the certificate of purchase, or if such certificate is claimed to have been lost or destroyed, upon satisfactory proof that it has been so lost or destroyed, and of the further fact that it was not assigned.

SEC. 19. If the real property of any minor or lunatic is sold for taxes, the same may be redeemed at any time within one year after such disability shall have been removed, in the manner provided in the next section; or such redemption may be made by the guardian or legal representatives of such persons at any time before the delivery of the deed.

SEC. 20. Any person entitled to redeem lands sold for taxes after the delivery of the deed, shall redeem the same by an equitable action in a court of record, in which all persons having or claiming an interest in the lands derived from the tax sale, as shown by the record, shall be made defendants, and the Court shall determine the rights, claims and interest of the several parties, including liens for taxes and claims for improvements made on the land, by the person claiming under the tax title. And no person shall be allowed to redeem land sold for taxes in any other manner, after service of the notice required by Section 894 of the Code, and the execution and delivery of the deed.

SEC. 21. The lawful holder of any certificate of purchase, may, at the expiration of two years and nine months from the date of the sale of the land for taxes, give the notice required by Section 894 of the Code. All the requirements of said Section in regard to the contents of said notice, manner of service, time of service and proof of service, must be strictly followed except that the notice herein required shall state that the sale was made for taxes due the City of Muscatine, and that such sale was made by the City Collector. No deed shall be executed and delivered to the holder of such certificate until the provisions of said Section 894, except so far as the same is herein modified, have been in all particulars fully complied with. The cost of serving said notice, whether personally, or by publication, together with the costs of affidavit required by said Section 894, shall be added to the redemption money.

SEC. 22. When the holder of any certificate of purchase at tax sale shall have shown himself entitled to a deed for the land described in such certificate, or for any part thereof, the Collector shall make out to him a deed for such lot or parcel of land remaining unredeemed, and deliver the same upon the surrender of such certificate. Any number of lots, or parcels

of real estate, bought by one person, may be included in a single deed, if the purchaser so require. Such deeds shall recite that the taxes, on account of the non-payment of which the lands described in the deeds were sold, were taxes assessed and levied by the City of Muscatine, and that said taxes remained due and unpaid at the date of the sale, and they shall be executed and acknowledged by the Collector in his capacity as City Collector. In all other respects and so far as applicable, such deeds may be in form substantially as provided by Section 896, of the Code.

SEC. 23. All deeds and conveyances made and executed on account of any general or special tax sales, shall have the same power and effect as deeds made by County Treasurers for delinquent County taxes, and the purchaser, as well as the owner, of any real estate sold on account of such general or special delinquent tax shall be entitled to all the rights and remedies which are granted and prescribed by the Code in Sections 897, 898, 899, 900, 901, 902, 903, 904 and 905 thereof.

SEC. 24. After the taxes shall have become delinquent, as herein provided, the collector is directed to make the same by distress and sale of personal property, subject to taxation, and the tax list alone shall be sufficient warrant for such distress.

SEC. 25. When the Collector distrains goods, or other personal property, and the owner shall refuse to give a good and sufficient bond for the delivery of such goods, or other personal property, on the day of sale, the Collector may keep them at the expense of the owner, and shall give notice of the time and place of their sale, within five days after their taking, in the manner Constables are required to give notice of the sale of personal property under execution. The time of such sale shall not be more than twenty days from the day of taking, but he may adjourn the sale, from time to time, not exceeding five days in all, and shall adjourn it at least once when there are no bidders, and in case of adjournment, he shall put up a notice thereof, at the place of sale. The fees for such sale shall be the same as are allowed Constables for the sale of property on execution. Any surplus remaining above the taxes, cost of keeping, and fees of sale, shall be returned to the owner, and the Collector shall, on demand, render an account, in writing, of the sale and charges.

And in the performance of such work no unnecessary obstruction to the public, to travel or to business, shall be permitted by the City or the company. And the said company shall, as rapidly as practicable, repair the street or other place so used, and restore the same to as good condition as before such work was done. And in case the company shall neglect to make such repair and restoration within a reasonable time, and after being duly notified by the City, the City Council may cause such repair and restoration to be made at the expense of said company, and may recover such expense of the company in an ordinary action at law. And in case any person, right or property be injured by the negligence of said company, its agents or employes in the work in this section set forth, the company shall be liable therefor.

---

\*As to improvement of alleys see chapter 51, Laws 1874, post section 12, chapter 118 of Acts of 1876.

SEC. 2. They shall have power to construct sidewalks, to curb, pave, gravel, macadamize and gutter any highway or alley therein, and to levy a special tax on the lots and parcels of land fronting on such highway or alley to pay the expense of such improvement. But unless a majority of the resident owners of the property subject to assessment for such improvement petition the Council or Trustees to make the same such improvements shall not be made until three-fourths of all the members of such Council or Trustees shall, by vote, assent to the making of the same.

SEC. 3. They shall have power to repair permanent sidewalks, and to assess the expense thereof on the property in front of which such repairs are made.

SEC. 4. They shall have power to provide for the laying of temporary plank sidewalks upon the natural surface of the ground, without regard to grade, on streets not permanently improved, at a cost not exceeding forty cents a lineal foot, and to provide for the assessment of the cost thereof on the property in front of which the same shall be laid.

SEC. 5. When any City or town shall have established the grade of any street or alley, and any person shall have built or made any improvements on such street or alley according to the established grade thereof, and such City or Town shall alter said established grade in such manner as to injure or diminish the value of said property, said City or Town shall pay to the owner or owners of said property so injured the amount of such damage or injury, which shall be assessed by three persons, one of whom shall be appointed by the Mayor of such City or Town, one by the owner of the property, and one by the two so appointed, or in case of their disagreement, by Mayor and owner, or in case of their disagreement, by the City Council or Town Trustees. If the owner of such property shall fail to appoint one such appraiser in ten days from the time of receiving notice so to do, then the City Council or Town Trustees shall appoint all such appraisers and no such alteration of grade shall be made until said damages so assessed shall have been paid or tendered to the owner of the property so injured or damaged. The appraisers shall be sworn to faithfully execute their duties according to the best of their ability. Before entering upon their duties, they shall give notice by publication for three weeks in one or more newspapers printed in such City, of the time and place of their meeting for the purpose of viewing the premises and making their assessment. They shall view the premises, and, in their discretion, receive any legal evidence and may adjourn from day to day. When the appraisal shall be com-

pleted, the appraisers shall sign and return the same to the City Council or Town Trustees within thirty days of their appointment. The City Council, or Town Trustees shall have power, in their discretion, to conform or annul the appraisement, and if annulled, all the proceedings shall be void, but if confirmed, an order of the confirmation shall be entered. Any person interested may appeal from the order of confirmation to the Circuit Court of the County in which such City or Town is situated, by notice in writing to the Mayor at any time before the expiration of twenty days after the entering the order of confirmation. Upon the trial of the appeal, all questions involved in the proceedings, including the amount of damages, shall be open to investigation, and the burden of proof shall, in all cases, be upon the City or Town to show that the proceedings are in conformity with this section. The cost of any proceedings incurred prior to the order of such City Council or Board of Trustees confirming or annulling the appraisement, shall in all cases be paid by such City or Town.

SEC. 6. They shall have power to purchase or condemn, and pay for, out of the general fund, and enter upon and take any lands within or without the territorial limits of such City or Town for the use of public squares, streets, parks, commons, cemeteries, hospital grounds, or any other proper and legitimate municipal use, and to enclose, ornament and improve the same. They shall have entire control of the same, and shall have power, in case such lands are deemed unsuitable or insufficient for the purpose for which they were originally granted, to dispose of and convey the same; and conveyances executed in accordance with this chapter shall be held to extinguish all rights and claims of any such Town or City to such lands existing prior to such conveyance. But when such lands are so disposed of and conveyed, enough thereof shall be reserved for streets to accommodate adjoining property owners.

SEC. 7. They shall have power to erect water works, or to authorize the erection of the same; but no such works shall be erected or authorized until a majority of the voters of the City or Town at a general or special election, or four-fifths of the members of the Council or Board of Trustees thereof, by vote, approve the same.

SEC. 8. They shall have power to construct or authorize the construction of such works without their limits, and for the purpose of maintaining and protecting the same from injury, and the water from pollution, their jurisdiction shall extend over the territory occupied by such works, and all reservoirs, streams, trenches, pipes and drains, used in, and neces-

sary for the construction, maintenance and operation of the same, and over the stream or source from which the water is taken for five miles above the point from which it is taken ; and to enact all ordinances and regulations necessary to carry the power herein conferred into effect.

SEC. 9. When the right to build and operate such works is granted to private individuals or incorporated companies by said Cities and Towns, they may make such grant to inure for a term of not more than twenty-five years, and authorize such individuals or company to charge and collect from each person supplied by them with water, such water rent as may be agreed upon between said person or corporation so building said works and said City or Town ; and such Cities or Towns are authorized and empowered to enter into a contract with the individual or company constructing said works, to supply said City or Town with water for fire purposes, and for such other purposes as may be necessary for the health and safety thereof, and to pay therefor such sum or sums as may be agreed upon between said contracting parties.

SEC. 10. Said Cities or Towns are hereby authorized to condemn and appropriate so much private property as shall be necessary for the construction and operation of said water works ; and when they shall authorize the construction and operation thereof by individuals or corporations, they may confer by ordinance, upon such person or corporation the said power to take and appropriate private property for said purpose.

SEC. 11. All Cities and incorporated Towns constructing such works, are authorized to assess from time to time, in such manner as they shall deem equitable, upon each tenement or other place supplied with water, such water rents as may be agreed upon; and at the regular time of levying taxes in each year, said City or Town is hereby empowered to levy and cause to be collected, in addition to the taxes now authorized to be levied, a special tax on taxable property in said City or Town, which tax, with the water rents hereby authorized, shall be sufficient to pay the expenses of running and operating such works, and if the right to build, maintain and operate such works is granted to private individuals or incorporated companies by such Cities or Towns, and said Cities or Towns shall contract with said individuals or companies for a supply of water for any purpose, such City or Town shall levy each year, and cause to be collected, a special tax as provided for above, sufficient to pay off such water rents so agreed to be paid to said individual or company constructing said works ; *provided*, however, that said tax shall not exceed the sum of

five mills on the dollar for any one year, nor shall the same be levied upon the taxable property of said City or Town which lies wholly without the limits of the benefit or protection of such works, which limit shall be fixed by the City Council or Board of Trustees each year before making such levy.

SEC. 12. When it shall be deemed necessary by any such corporation to enter upon or take private property for any of the above uses, an application in writing shall be made to the Circuit Court, which application shall describe as nearly as may be, the property to be taken, the object proposed, and the owners of the property and of each lot or parcel thereof known, and notice of the filing thereof shall be given as is required to commence a civil action in said Court. After such notice shall have been given the Court shall proceed to determine the compensation to be paid for the taking of such property, and for that purpose shall empanel a jury, and the mode of procedure therein shall be the same, so far as applicable, as in action by ordinary proceedings. The assessment shall be made so that the amount payable to each owner may be ascertained either by allotting it to each owner by name or on each lot or parcel of land, and the inquiry and assessment shall in other respects be made by the jurors under such instructions as shall be given by the Court. The jurors shall be sworn to make the whole inquiry and assessment, but may be allowed to return a verdict as to part and be discharged as to the rest in the discretion of the Court, and in case they shall be discharged from rendering a verdict in whole or in part, another jury may be empaneled at the earliest convenient time, which shall make the whole inquiry and assessment, or the part not made as the case may be.

SEC. 13. When the amount of compensation due to any of the owners of property to be taken shall be ascertained, the Court shall make such order as to its payment or deposit as may be deemed just and proper, and may require adverse claimants to any part of money or property to interplead, so as to fully settle their rights and interests, and may direct the time and manner in which possession of the property shall be taken or delivered, and may, if necessary, enforce an order giving possession. But none of the property shall be actually taken or occupied until the compensation thus ascertained shall have been paid or secured to be paid. The costs occasioned by the inquiry and assessment shall be paid by the corporation, and as to the other costs which may arise, they shall be charged or taxed as the Court in its discretion may direct; no delay in making an assessment of compensation, or in taking possession, shall be occasioned by any doubt

which may arise as to the ownership of the property or any part thereof, or as to the interest of the respective owners; but in such cases the Court shall require the deposit of the money allowed as compensation for the whole of the property, or the part in dispute; and in all cases as soon as the corporation shall have paid the compensation assessed; or secured its payment by a deposit of money under the order of the Court, possession of the property may be taken and the public work or improvement progress.

SEC. 14. Each municipal corporation may, by a general ordinance, prescribe the mode in which the charge on the respective owners of lots or lands, and on the lots or lands, shall be assessed and determined for the purposes authorized by this chapter; such charge when assessed, shall be payable by the owner or owners at the time of the assessment personally, and shall also be a lien upon the respective lots or parcels of land from the time of the assessment. Such charge may be collected and such lien enforced by a proceeding in law or equity, either in the name of such corporation, or of any person to whom it shall have directed payment to be made. In any such proceedings, where pleadings are required, it shall be sufficient to declare generally for work and labor done and materials furnished on the particular street, alley or highway. Proceedings may be instituted against all the owners or any of them, to enforce the lien against all the lots or land, or each lot or parcel, or any number of them embraced in any one assessment, but the judgment or decree shall be rendered separately for the amount properly chargeable to each. Any proceedings may be severed in the discretion of the Court for the purpose of trial, review or appeal.

SEC. 15. In any such proceeding, where the Court trying the same shall be satisfied that the work has been done, or materials furnished which, according to the true intent of the act, would be properly chargeable upon the lot or land through or by which the street, alley or highway improved, repaired or lighted may pass, a recovery shall be permitted, or a charge enforced, to the extent of the proper proportion of the value of the work or materials which would be chargeable on such lot or land, notwithstanding any informality, irregularity or defect in any such municipal corporation or any of its officers. But in such case the Court may adjudge as to costs as may be deemed proper, and in cases where an assessment shall have been regularly made, and payment shall have been neglected or refused at the time when the same was required, any municipal corporation may be entitled to demand and recover in addition to the amount assessed and interest thereon at ten per cent. from the time of the assessment, five per cent.

to defray the expenses of collection, which shall be included in any judgment or decree which may be rendered. The provisions and powers conferred in this chapter from section four hundred and sixty-five to section four hundred and seventy-nine, inclusive, shall apply to Cities acting under special charters.

Descriptions of lots or parcels of land in such sub-divisions, according to the number and designation thereof on said plat contained, in conveyances or for the purpose of taxation, shall be deemed good and valid for all intents and purposes. The duty to file for record a plat as provided herein, shall attach as a covenant of warranty in all conveyances of any part or parcel of such subdivision by the original owner or proprietors against any and all assessments, costs, and damages paid, lost, or incurred by any grantee, or person claiming under him, in consequence of the omission on the part of said owner or proprietors to file such plat.

SEC. 2. Every such plat shall contain a statement, to the effect that the above or foregoing subdivision of (here insert a correct description of the land or parcel subdivided), as appears on this plat, is with the free consent and in accordance with the desire of the undersigned owners and proprietors, which shall be signed by the owners and proprietors, and shall be duly acknowledged before an officer authorized to take the acknowledgment of deeds; and when thus executed, shall be filed for record and recorded in the office of the recorder of the proper county.

SEC. 3. The acknowledgment and recording of such plat is equivalent to a deed in fee simple of such portions of the premises platted as is on such plat set apart for streets, or other public use; or as is thereon dedicated to charitable, religious, or educational purposes.

SEC. 4. Streets and alleys so platted and laid out, or which have been platted or laid out under any prior law of the state regulating private plats, may be altered or vacated in the manner provided by law, for the alteration or discontinuance of highways.

SEC. 5. Any such plat may be vacated by the proprietors thereof, at any time before the sale of lots therein, by a written instrument declaring the same to be vacated, duly executed, acknowledged or proved and recorded in the same office with the plat to be vacated, and the execution and recording of such writing shall operate to destroy the force and effect of

the recording of the plat so vacated, and to divest all public rights in the streets, alleys, commons and public grounds laid out or described in such plat. And in cases where any lots have been sold the plat may be vacated, as herein provided, by all the owners of lots in such plat joining in the execution of the writing aforesaid.\*

SEC. 6. Any part of a plat may be vacated under the provisions and subject to the conditions of this chapter, provided such vacating does not abridge or destroy any of the rights and privileges of other proprietors in said plat, and provided further, that nothing contained in this section shall authorize the closing or obstructing of any public highways laid out according to law.

SEC. 7. When any part of a plat shall be vacated as aforesaid, the proprietors of the lots so vacated may enclose the streets, alleys and public grounds adjoining said lots in equal proportions.

SEC. 8. The county recorder, in whose office the plats aforesaid are recorded, shall write in plain, legible letters across that part of said plat so vacated, the word "vacated," and also make a reference on the same to the volume and page in which the said instrument of vacation is recorded.

SEC. 9. The owner of any lots in a plat so vacated, may cause the same and a proportionate part of adjacent streets and public grounds, to be platted and numbered by the county surveyor; and when such plat is acknowledged by such owner and is recorded in the record of office of the county, such lots may be conveyed and assessed by the numbers given them on such plats.

SEC. 10. Whenever the original owner or proprietor of any subdivision of land, as contemplated in section five hundred and fifty-nine of this chapter, have sold or conveyed any part thereof, or invested the public with any rights therein, and have failed and neglected to execute and file for record a plat as provided in section five hundred and fifty-nine of this chapter, the county auditor shall notify some, or all, of such owners and proprietors by mail or otherwise, and demand the execution of said plat as provided; and if such owners or proprietors, whether so notified or not, fail or neglect to execute and file for record said plat for thirty days after the issuance of such notice, the auditor shall cause to be made the plat of such subdivision and any surveying necessary therefor. Said plat shall be signed and acknowledged by the auditor, who shall certify that he executed by reason of the failure of the

---

\*See chapter 61, acts of 1874.

owner to do so, and filed for record ; and when so filed for record, shall have the same effect for all purposes as if executed, acknowledged, and recorded by the owners or proprietors themselves. A correct statement of the costs and expenses of such plat, surveying, and recording, verified by oath, shall be by the auditor, laid before the first session of the board of supervisors, who shall allow the same and order the same to be paid out of the county treasury, and who shall, at the same time, assess the said amount, pro rata, upon all the several subdivisions of said tract, lot, or parcel so subdivided ; and said assessment shall be collected with and in like manner as the general taxes ; and shall go to the general county fund; or said board may direct suit to be brought in the name of the county before any court having jurisdiction, to recover of the said original owners or proprietors, or either of them, the said cost and expense of procuring and recording said plat.

SEC. 11. Whenever any congressional subdivision of land of forty acres or less, or any lot or subdivision is owned by two or more persons in severalty, and the description of one or more of the different parts or parcels thereof cannot in the judgment of the county auditor, be made sufficiently certain and accurate, for the purposes of assessment and taxation without noting the metes and bounds of the same, the auditor shall require and cause to be made and recorded, a plat of such tract or lot of land with its several subdivisions in accordance with the provisions of this chapter ; and he shall proceed in such cases according to the provisions of section five hundred and sixty-eight, and all the provisions of said section in relation to plats of towns, cities and so forth, shall govern as to the tracts and parcels of land in this section referred to.

SEC. 12. Every conveyance of land in this state, shall be deemed to be a warranty that the description therein contained is sufficiently definite and accurate to enable the auditor to enter the same on the plat book required by law to be kept ; and when there is presented to be entered on the transfer book, any conveyance in which the description is not, in the opinion of the auditor, sufficiently definite and accurate, he shall note said fact on said deed with that of the entry for transfer, and shall notify the person presenting the same that the land therein insufficiently described must be platted within thirty days thereafter. Any person aggrieved by the opinion of the auditor, may, within said thirty days, appeal therefrom to the board of supervisors, by claiming said appeal in writing and thereupon no further proceeding shall be taken by the auditor, and at their next session the board of supervisors shall determine said question and direct whether or not said plat shall be executed and filed and within what time ; and if

the grantor in such conveyance shall neglect for thirty days thereafter to file for record a plat of said land and of the appropriate congressional subdivisions in which the same is found, duly executed and acknowledged as required by the auditor, or in case of appeal as directed by the board of supervisors then the auditor shall proceed as provided in section five hundred and sixty-eight of this chapter, and cause such plat to be made and recorded, and thereupon the same proceedings shall be had and rights shall accrue, and remedies had, as are in said section provided. Such plat shall describe said tract of land, and any other subdivisions of the smallest congressional subdivision of which the same is a part, numbering them by progressive numbers, setting forth the courses and distances, and number of acres, and such other memoranda as are usual and proper; and descriptions, of such lots or subdivisions according to the number and designation thereof on said plat shall be deemed good and sufficient for all purposes of conveyancing and taxation.

SEC. 13. None of the provisions of this chapter shall be construed to require replatting in any case where plats have been made and recorded in pursuance of any law heretofore in force, and all plats heretofore filed for record, and not subsequently vacated, are hereby declared valid, notwithstanding irregularities and omissions in the manner or form of acknowledgment or judge's certificate; but the provisions of this section shall not affect any action or proceeding now pending.

SEC. 14. Any person who shall dispose of or offer for sale, lease any lots in any town, or addition to any town or city, until the plat thereof has been duly acknowledged and recorded as provided in this chapter, shall forfeit and pay fifty dollars for each lot and part or sold disposed of, leased, or offered for sale.

## CHAPTER 61, OF ACTS OF 1874, IN RELATION TO THE VACATION OF TOWN PLATS.

1. The manner in which town plats may be vacated—what is necessary to procure such vacation.

SECTION 1. That whenever the owners of any piece of land, not less than forty acres in amount, which has been platted into town lots, and the plat of which has been recorded, shall desire to vacate said plat, or part of plat, it may be done in the manner following: A petition signed by all the owners of the town or part of the town to be vacated, shall be filed in the clerk's office of the district court of the district in which the land

so platted lies, and notice of such petition shall be given at least four weeks before the meeting of the court, by posting notices in three conspicuous places in the town where the vacation is prayed for, and one upon the court house door of the county. At the term of court next following the filing of the petition and notice, the court shall fix a time for hearing the petition, and notice of the day so fixed shall be given by the clerk of the court, in some newspaper published in the county, at least one week before the day appointed for the hearing. At the hearing of the petition, if it shall appear that all the owners of lots in the town or part of town to be vacated desire the vacation, and there is no valid objection thereto, a decree shall be entered vacating such portion of the town and the streets, alleys and avenues therein, and for all purposes of assessments such portion of the town shall shall be as *it [if]* it had never been platted in lots. *Provided, however,* That if any street as laid out on the plat shall be needed for the public use, it shall be excepted from the order of vacation and shall remain a public highway; *and further provided,* that this act shall not affect cities of the first and second class.

---

## CHAPTER 25, OF ACTS OF 1874, CONCERNING CITY AND TOWN LOTS.

Whenever any person or corporation shall lay out any parcel of land into town or city lots in accordance with chapter 12, title 4, of the code, such person shall procure from the county treasurer a certified statement that the land thus laid out into lots, streets and alleys is free from taxes, and such proprietor shall also procure a certified statement from the recorder of deeds that the title in fee to said land is in such proprietor and that the same is free from every incumbrance; which certified statements shall both be filed with the recorder of deeds before the plat of the said town or city lots shall be admitted to record or of any validity.

SEC. 2. The record and plat of every town, city or addition thereto, which may be thus laid out shall give the bearing and distance from some corner of a lot or block in said town or city or part thereof to some corner of the congressional division of which said town or city or addition thereto is a part.

And such corporation may construct and carry their canals, conduits, water-ways, mains, or water pipes, across, over or under any railway, canal, stream or water-course, when it shall be necessary for the operation or construction of the same, but shall do so in such manner as not to impede the travel, transportation or navigation upon, or other proper use of, such railway, canal, or stream. #### SECTION I. All cities in this state organized and existing

under special charters, may provide by ordinance when taxes both general and special shall become delinquent, and the rate of interest which they shall thereafter bear, which rate shall not exceed twenty-five per cent. per annum ; and for the sale of delinquent, special and general taxes, on such terms and at such a rebate of the principal or interest or both, as the city council may determine ; and in the notice required by law to be given it will be sufficient to state the description of the lot or parcel of real estate to be sold for delinquent taxes of the current year, and also the lot or parcel of real estate on which the delinquent taxes for previous years remain due and unpaid, and the amount of taxes delinquent for previous years without naming such previous years, and the amount of interest and costs, if any, against each lot or parcel of real estate, in which may be included special taxes, delinquent, at such rate of interest as the city council may determine, not to exceed the rate allowed by law at the time the taxes were assessed, and the total amount of taxes, interest and cost against such lot or parcel of real estate.

SEC. 2. In all advertisements for the sale of real property for taxes, and in entries required to be made in any manner connected with the assessment or collection of taxes, letters and figures may be used to denote numbers, fractions of numbers and amounts as are commonly used in other business transactions, and no irregularity or informality in the advertisement shall affect the legality of any sale, or the title of any property conveyed if it shall appear that said property was subject to taxation for the year or years for which the same was sold, and the tax was due and unpaid at the time of sale ; and in all cases the advertisement shall be sufficient notice to the owners and persons having an interest in or claiming title to any lot or parcel of real estate, of the sale of their property for delinquent taxes, and a failure of the collector to make a personal demand of taxes shall not affect the validity of any sale or the title to any property acquired under such sale.

SEC. 3. The city council may provide by ordinance that all special taxes hereafter assessed and levied shall bear the same rate of interest as the annual taxes from and after the same becomes due and delinquent, which rate shall not exceed twenty-five per cent. per annum ; and all special taxes remaining due and delinquent at the date when the annual taxes become delinquent, shall be collected at the time and in the manner the annual delinquent taxes are collected, and the same shall be included with the annual delinquent taxes, if any remain delinquent, and the city council may provide by ordinance that all special taxes or assessments which shall become due and delinquent prior to the delinquency of the

annual taxes, shall be collected by a sale of the real estate so taxed or assessed specially called therefor, and the kind of notice to be given, and may also provide for the collection of such tax by suit, such as is authorized by sections 478 and 479 of chapter 10, title 4, of the Code.

SEC. 4. The collector shall in all cases, make out and deliver to the tax payer a receipt, which receipt shall contain the description and assessed value of each lot or parcel of real estate, and the assessed value of personal property; and in case the property has been sold for taxes and not redeemed, the date of such sale and to whom sold, also the amount of the tax, interest and costs, if any, giving a separate receipt for each year, whereupon he shall make the proper entries of such payments on the books of his office. And the council may provide by ordinance, that no person shall be permitted to pay the taxes of any one year until the taxes for the previous years shall be first paid; and provide that the receipt herein contemplated shall be conclusive evidence that all taxes, and the costs of every kind against the property described in such receipt, are paid to the date of such receipt; and provide that for any failure or neglect on the part of the collector, or on the part of any one acting as a collector, he and his bondsmen shall be liable to an action on his official bond for the damages sustained by any person or the city through such neglect.

SEC. 5. The collector of taxes, or person authorized to act as collector, shall make, sign and deliver to the purchaser of any real property sold for the payment of any taxes authorized by the provisions of this act, or by any law applicable to cities acting under special charters, a certificate of purchase, which shall have the same force and effect as certificates issued by county treasurers for the sale of delinquent county taxes.

SEC. 6. Real property sold under the provisions of this act, or by virtue of any power heretofore given, may be redeemed at any time—before the right of redemption is cut off, as hereinafter provided—by payment to the collector, or to the person authorized to act as collector, to be held by him subject to the order of the purchaser on surrender of the certificate, or in case the same is lost or destroyed, on his making affidavit of such fact, and of the further fact that it was not assigned, of the amount for which the same was sold, and twenty per centum of such amount immediately added as a penalty, with ten per cent. interest per annum on the whole amount thus made from the day of sale. The collector, or person authorized to act as collector, shall, upon the application of any party to redeem real property sold as aforesaid and being satisfied that such person has a right to redeem the

same, and on the payment of the proper amount issue to such party a certificate of redemption, in substance and form as provided by section 891 of chapter 2, title 6, of the Code, and shall make the proper entry thereof in the sale book, which redemption shall thereupon be deemed complete without further proceedings.

|---|---|

SECTION 1. That all cities in this state organized and existing under special charter, having a population of not less than ten thousand as shown by the last preceding state census, may provide by ordinance for the construction of sewers, or may divide the city into sewerage districts in such manner as the council may determine, and pay the cost of constructing same out of the general revenue of the city, or assess the cost upon the adjacent property, or may levy a certain sewerage tax within the sewerage district, out of which to pay for the construction of the same, which sewerage tax shall not exceed in any one year two mills on the dollar of the assessed value of the property within such district. Or may pay a part of the cost of such construction out of the general revenue, and a part by levying a tax upon all the property within the sewerage district, or may pay for the same by pursuing any two of the methods herein named.

SEC. 2. It shall be the duty of such city council to require the work of constructing such sewers to be done under contract therefor to be entered into with the lowest responsible bidder, and bonds with surety for the faithful performance of such work shall be required to be given by the contractors. *Provided*, That all bids for such work may be rejected by such council, if by them thought to be exorbitant and new bids ordered.

SEC. 3. All special tax levied for the construction of sewers under this act shall be payable by the owners, personally, at

the time of such assessment, and shall also be a lien upon the lots and lands so assessed and shall bear such rate of interest, and the said property assessed may be sold for the payment thereof in the same manner at any regular or adjourned sale or special sale called therefor, with the same forfeitures, penalties and rights of redemption and certificates, and deeds on such sales shall be made in the same manner with like effect as in case of sales for non-payment of the ordinary annual taxes of such cities respectively as now or hereafter provided by law in respect thereto, or the city council may provide by ordinance for the sale of such assessed property at a special tax sale to be called therefor, after giving notice therefor three consecutive weeks in one of the newspapers published in said city; the last of which publications shall be at least ten days before the day of sale.

SEC. 7. *Provided*, That any such city which has heretofore adopted a system of sewerage by which the cost of construction has been paid out of the general revenue, shall not be permitted to abandon such system, anything in this law to the contrary notwithstanding.

SEC. 2. That when, for the purpose of carrying off the water of any stream which flows within or through the said city it becomes expedient to cause a principal sewer to pass through private property, the right to condemn such property for this purpose is hereby conferred upon its council. And the powers granted shall be the same in other respects as those enjoyed by railway companies, by and under the provisions of the Code. The proceedings to enforce their powers shall also be the same, except that all damages shall be assessed by a board of three commissioners. These shall be appointed by the city council and may be changed at the pleasure thereof. They must be free from all personal interests in subjects brought before them for their adjudication, and they may decide on any question of damages that may arise in respect to any of the property that may be claimed to be injured by the construction of said sewer.

Sec. 3. That instead of constructing such principal sewer itself, the city may authorize its construction by any individual or company, and may agree to pay therefor out of the sewerage fund. And the city council may also make all needful rules and regulations in relation to any of the sewers in their respective cities and may regulate the manner in which any property holder may connect therewith and may also prescribe all needful regulations pertaining thereto.
